Subject: Willamette needs to be cleaned and working waterfront needs support

I just recently moved to Portland from Pittsburgh, PA. Many similarities between big rivers in both cities. Best way to keep our rivers clean is to protect them from pollutants and let the nature do the work. Disturbing fragile ecosystem by aggressive cleaning is going to do more harm than good at expense of already overtaxed citizens and businesses. Please do not make this expensive mistake. Cost of living in Portland is already very high and we don't need to force people and businesses to leave.

Sincerely,
